

## TERMS AND CONDITIONS

The program is simple! T.F Green Airport parking customers just visit [www.parkpvdairport.com](http://www.parkpvdairport.com) to sign up for the Frequent Parker Program. Each member of the program receives a Frequent Parker Card, which is linked to a credit or debit card kept on file (members may keep up to two debit/credit cards on file). This card allows members to quickly and easily exit any of the T.F. Green lots with just a swipe of their PVD Frequent Parker Card. Upon exit, the credit/debit account on file is automatically charged (debited) and their Frequent Parker account is credited with points from their stay.

If a Frequent Parker would like to use a coupon to receive a discounted rate when parking, they cannot use their PVD Frequent Parker Card. Parkers must enter and exit through cashier lanes to redeem all coupons. To receive Frequent Parker points for the stay, members can contact the PVD Frequent Parker Program administration office at: [fppinfo@parkpvdairport.com](mailto:fppinfo@parkpvdairport.com).

To obtain a receipt for parking, the Frequent Parker Program customer must log into their account. From there, past and current receipts are available for printing.

Frequent Parkers can redeem points at their convenience, in any of the T.F. Green Airport parking lots. When Frequent Parkers are ready to redeem, they simply log on to their Frequent Parker account and select the number of days and which lot they would like to redeem for Free Parking. They have the option to redeem as many points as they like. Any unused points remain in their account and can be used at a later time. Once they have selected how many points they would like to redeem, they select the specific day(s) they would like to use the Free Parking days on. There is no need to print or present a certificate, their account will automatically credit the day(s) they requested when their Frequent Parker Card is swiped upon exiting.

Frequent Parker members can log on to their account at any time to update their profile, add/change, debit/credit cards, check point balances, print a parking receipt or redeem for free parking days.

Lost Frequent Parker Cards will incur a \$15.00 replacement charge.

T.F. Green Airport reserves the right to modify, change or cancel the PVD Frequent Parker Program at any time.

\*A Frequent Parker account that has remained inactive (no points accumulated or redeemed) for 18 months will be considered inactive and the member may be requested to return the Frequent Parker access card. If the card is not received back and the account is not re-activated within 30 days, the card will be considered lost.

\*\*Taxicabs, Courtesy Vehicles, Limited & Public Motor Vehicles, and Motor Vehicles for Hire using the card access system are strictly prohibited from participation in the PVD Frequent Parker Program.
